

2020 AJS & Matchless Owners Club International Jampot Rally To Nelson, New Zealand.

Genuine expressions of interest are being presently sought after from all motorcycle enthusiasts to join the AJS and Matchless Owners Club (Aust. Section) to Nelson, New Zealand for the 2020 International Down Under Jampot Rally. While this promising event might at this early stage be several months away our primary aim is to firstly obtain the most appropriate freight arrangements at the absolute minimal costs for those with a genuine interest to join us. Negotiations at hand are being presently negotiated with several freight handling companies together with the view of major sponsors to assist with individual or whole container shipping costs. If those with a sincere interest could contact the Australian contingent shipping co-ordinator, we would like to get this event up and running sooner rather than later. We would be looking at no less than 10 or a dozen motorcycles, more if possible to have this venture made worthwhile. Once a firm date around late February early March has been established arrange for your 2020 vacations to secure your engagement with us.

Contact: - Australian Contingent Shipping Co-ordinator Brian 'Nip' Kuerschner.
