AJS Matchless Owners Ride 23rd May 2021

Eight riders only, plus the backup driver. Four AJS and four Matchless machines ranging from 1935 to 1958. Cool, with a light shower at the very end of the ride. Thanks

to those out of towners who made the effort to attend and to Hugh our backup driver, but he didn't get any customers. All enjoyed the day and requested that the event be run again next year.

Vice Capt.

Brass Monkey Run

The annual Brass Monkey Run was held on Sunday 13th June. This event was organised and planned by Frank Barron and the backup was provided by Richard and Gill Clark. A nice cool 7:30 start but luckily the rain held off. The ride ended at the Prince of Wales Hotel for a welcome hot breakfast. The results are below.

1st - Frank Barron
2nd - John Coleman
3rd - Ray Buck

Hi. Looking for Brian Green Brian I am missing an Idle screw for my It 490. I have one from Keyster made in Japan but it won't fit and has a very fine thread motorcycle repair kit K-1424yk. Do you have one in your bag of tricks left over from the shop or can give me an idea of the thread details so I can run a tap through it.

For Sale

For sale is this Momentum street bike made by Giant. All bikes are not the same! This is a quality machine with aluminium frame and wheels and other components. Very light weight makes this a very easy bike to ride with surprisingly little effort. Seven speed transmission with a Super Low first gear - just the thing for those steep hills! Has the doctor been nagging you about your cholesterol levels or your need for more exercise? Don't waste time in the gym or plodding around the street. Buy this bike and explore the many bike paths and back alleys that are so interesting but not accessible on a motor bike. These bikes are over \$500 new but you can have this for only \$175. This is a medium size frame so fits most. Go on - give me a ring. You know you want it!

Call John on 0410088057. Do it now before someone else gets it! Only \$175

For sale is this Kawasaki VN250 Eliminator cruiser style motorcycle. This is a 2003 model in surprisingly good condition and is fitted with a custom Ventura rack and sport bag. It has travelled a little under 16000 km. Fitted with two new tyres. It has a very comfortable and low seat so would suit riders of all sizes. The V twin engine has quite spirited performance and will cruise at the highway speed limit and is very usable on long rides. This would suit beginner riders or a more experienced rider who finds heavier larger bikes a bit too much like hard work to wheel around and ride and wants something lighter that looks good and will keep up with others. You would be unlikely to find another one of these in this condition.

\$3,000 - phone John on 0410088057

For Sale

1927 AMAC 1000cc

This bike is a special built in Perth WA by the late Peter Smith in the mid 1990s,

The frame & 3 speed gearbox are 1927 AJS, Peter couldn't get hold of a correct AJS 800cc V twin engine, so he grafted in the Matchless V2 s/v 1000cc V twin engine of the same period that my dad Ray Oakes had under his bench, between them the AMAC was born.

I purchased the bike in 2004 from Peter's widow Jan, since then I have fitted a cush drive rear wheel and a mechanical oil pump, It ran well for years until running lean it holed a piston, this was the start of a full engine rebuild in approx 2015, it now runs a Ron Morrison big end, new valves and pistons, magneto was rebuilt in NSW and the carby re sleeved in Bunbury.

It has been an easy to start sweet running vintage bike ever since, Regretful sale due to ongoing back issues (its rear suspension & electric start for me these days) I would like it to stay in WA if possible.

Contact Clive Oakes on 0481061210 bike is garaged in Huntingdale WA.

Webby's Memorial Ride

Busselton Mob Mid Week Ride : 2nd June 2021

A good turnout for our first real winter ride – 28 bikes. The weather was kind, no rain and not too cold.

The 72km course to Witchcliffe was via backroads including Jindong-Treeton, Rosethis and Rosathat roads. Neat morning teas stop at Witchy Pies, good cover and good service. Members split and Phil Bussanich again led a small group home to Busselton.

Peter Duncan was our TEC, I think a first for him. Thank you Peter and Phil.

Captains report June 2021

19th May Busso mid week run

It looked a little cloudy but all good as it kept in the heat, but it was a good turn up with nearly 30 bikes rolled up. John gave his spiel and just used a few corner markers to get to Nannup where we parked at the 1st Coffee shop, on the other side some of the Bunbury boys waited. From there we waived to the Bunbury boys as we headed to Bridgetown as per normal the country side was looking good after all the rain we had. We got to Bridgetown with no break downs or drama the way we like it. Got to the bakery and proceeded to tell stories for a change. After we parted with the Busso boys and headed to Kirup then tried out the Capel upper road with lots of loose gravel. All good and a good day out.

Busselton Mob Mid Week Ride : 19th May 2021

Again, perfect weather for this ride – mixed sun/cloud, cool, and no rain. 25 riders started at Busselton and we picked up another 3 at Nannup.

The 142km course included the usual route to Nannup, then a short leg break and off to Bridgetown via the Brockman Hwy. This is a really great piece of road, everything thrown in – step hills, scenery, and tight fast corners. Post pies, coffee and a chat, members split and Phil Bussanich led a small group home to Busselton. My return journey included the Upper-Capel Road --- beware, the new rebuilt part of this fantastic road has loose road material so slow down and space out for the sake of your paintwork.

Brian Green was our ever reliable TEC. Thank you Brian.

John Lewin

Busselton Group Liaison Officer

Webby's run 2021 the weather was hit & miss but we got away with very good weekend away with just a drizzle on day2. Day1 the get together at Roon's house for a cuppa and a riders brief. We meandered to Quininup this year we stayed across the road from the tavern very handy, we were greeted by the local committee took pictures and had our bikes on display. That night we put our Dicks on the bar someone found 3 ladies to pick a nice dick, or dicks multiple trophies. That night many stories were told.

Day2 morning down pour but the rain stopped when we all put our wet weather gear on. Works every time. The Manji boys took us to the no though roads that took us places, which was good, no traffic and riding

our bikes through tunnels of bush with occasional fallen tree to get over, all good fun. Rod's bike had failed Saturday so Michael loaned his Ariel, 5 minutes into the ride another bike on the trailer. Asked Roons if Rod could take his bike and make it a trifecta, I think it was a no. In between the tourettes. That night at Mick's house told lots of stories and did a selloff of unwanted good stuff.

Day3 the boys were on the ball with breakfast and got the people out of the humpy just in time. This was ½ gravel & tar which was pretty good and made our way back to Manjimup. The ride used corner marking which we would be still out there without it.

Another top long weekend away and a big thank you for the Manji boys for putting this on, see you next year.

Busselton Mob Mid Week Ride

Busselton Mob Mid Week Ride : 16th June 2021

A realistic turnout for a very cold winter day – 16 riders. Okay, so there was a bit of fog near the leg-break stop, and the roads were wet, and it was only 9°. But the rain was gracious enough to hold off until 30 seconds after I got back home. Perfect timing.

The 123 klm course is my favourite: Busselton to Capel via backroads for pickups, then to Kirup on the Upper-Capel Road, and then on to Donnybrook via Charlie Creek Road. The bakery at the destination is indeed very good – one of the best. The homeward journey : members split and Phil Bussanich again led a group of 9 home to Busselton. This return ride-home option is working out well and is now a given arrangement for future rides.

Steve Smith was our TEC, a first for him. Thank you Steve and Phil.

Faye advised the meeting that Bob & Wilma are away and that she will be looking after the merchandise until they return.

President Report

- Bylaws and information book have been reviewed and there will likely be an amendment to be presented at the AGM. This will allow for some restricted runs for single marque etc. There will however, be a limit on how many of these can be run in a year in order to preserve the club's inclusiveness.
- AED – Committee is reviewing the proposal and liaising with the BMC regarding possible location etc. The cost will be \$1600 - \$1800.

Captains Report

- 19/5 Busso midweek run. Bunbury riders met Busso riders at Nannup for the run.
- Phil Bussonich reported on last weeks Busso run – A good day out with 27 riders attending.
- Webbies run – A good weekend.

Upcoming Runs

- 9 June – Cancelling due to weather so invited to Preslands for afternoon tea about 2pm. Details on website.
- Fri 11 June – Tortoise run
- Sun 13 Jun – Brass Monkey run. Frank Barron advised this is a trophy run. Start 7.30am Eaton hall, run of about 80km then Prince of Wales 9am for breakfast. Entrants must register before Friday either online, or, phone Frank.
- Sat 19 Jun – Pemberton overnighiter. Meet 9.30 Capel Café, lunch Boyup Brook then on to Pemberton meeting with Albany riders and accommodation at the Pemby Pub or Caravan Park.
- Sun 20 Jun – Mandurah mob ride
- Wed 23 Jun – Midweek ride
- Sun 27 Jun – Captain's Run – Balingup. Route includes some gravel so there is an alternative available.
- 4 July – Richard's run. Course is on website.
- 17 Nov – Busso midweek ride will be a 3 day ride. Night 1 Cunderdin, night 2 Narrogin. More details to follow.

Ross Eaton advised Friday's Tortoise run will have good weather and is going to Donnybrook then Capel then Boyanup for morning tea.

General business

- Ross Eaton Club eligibility of bikes. Ross advised that the Tortoise run ride leader rides at a speed to suit the slowest bike on the run, thus it becomes self regulating.
- Richard Clark Richard raised a query as to whether the 2020 AGM minutes should have been published in the current Classic Vibrations. Michael Rock advised that his next general business item was to advise that the AGM will be deferred to the August meeting as he is going to be away in July. The 2020 AGM minutes will be published in the next magazine.
- Muzz advised that the museum volunteers numbers are now ok. He had little response to his request for some 70's superbikes for a themed display so will give some thought to an alternative for the next display period.

Auction

A Jacket was auctioned for \$11.

Meeting closed 8-45pm.
